About the Designer

Born and raised in New York City, Alex Woo embodies the spirit and passion of a true New Yorker. With a workshop located in the heart of Rockefeller Center and an eponymous collection of jewelry, Alex has since become one of the most recognized jewelers among a new generation of designers.

From winning the grand prize at the Women's Jewelry Association's national design competition, to being awarded one of the most prestigious accolades in the industry by experts from the JCK Design Center, her distinctive design sensibilities began at an early age and continues throughout her career.

About the Brand

Classic Originality. Quality Craftsmanship. Made in New York.

Alex Woo designs are fashionably fresh and contemporary, yet never eclipsed by the trend of the moment. With a signature style and edge that is unmistakable, many of the pieces can be worn everyday, day or night, and make a powerful statement of individuality.

As a favorite among fashion editors, stylists, trendsetters, and celebrities, the jewelry you now hold is part of a long tradition of quality craftsmanship, handcrafted artistry, and careful finishing, all lovingly made in New York. Alex Woo creates jewelry that reflects life through design that is both personal and timeless.

What's Your Icon?™

You can learn what's in a person's heart by the stories they share - who they are, what they've done, where they've been. And often, storytelling is akin to jewelry design because it captivates an audience and bares the soul. With jewelry that reflects life through design, the Little Icon Collections follow and celebrate your own special moments on life's journey.

From Little Letters to the Little Luck Elephant, a universal symbol for luck and good fortune - each design holds an infinite number of meanings. String the pieces together, your story begins here at Alex Woo...

Alex Woo

MADE IN NEW YORK

The ABC's of Alex Woo

A is for American-made

- Each piece is made with 100% Eco Friendly Precious Metals from American refineries and imported conflict-free diamonds, then hand finished in our own workshop located in the heart of Rockefeller Center.

B is for believing in our pieces

- Each piece comes standard in Sterling Silver, Solid 14kt Yellow Gold, and 14kt White Gold with Diamonds; we can take special orders for other variations but they are custom order final sale.
- Each Little Icon™ is solid, not hollow or plated. Like a little sculpture, each Little Icon™ is three dimensional and able to stand on its own.
- Solid pieces are matte finished and hand stamped with metal type for authenticity. Diamond pieces are all high polished, pavé set and hand signed.
- Our signature shiny bevel can be found on the right side of each Little Icon.™
- All Little Icons™ come with a 16" diamond cut ball chain that runs through the piece - 18" and 20" chains are also available, as well as 2" extenders in Sterling Silver. Our chains all have a lobster clasp added for security and ease of use. We string all of our Little Icons™ so that the clasp is on the right side and easiest to put on yourself.
- All Mini Additions™ can be put on cord bracelets, made into studs, rings or put on a chain.
- All pieces come with a signature booklet. MLB and charity pieces come with the appropriate MLB and charity cards.

What Makes Us
More Charming
Than The Rest

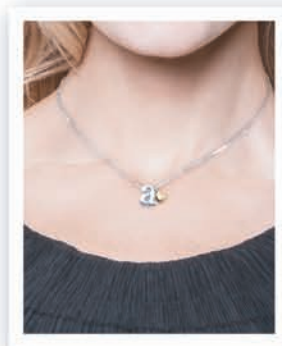

C is for customer style and care

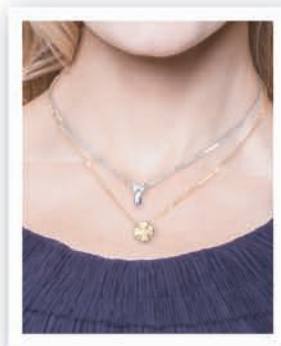

- Layering pieces and mixing metals allow you to share your story in one look.
- All pieces are fine jewelry and need to be cared for in specific ways; we recommend not sleeping in, showering in or wearing jewelry to the gym.
